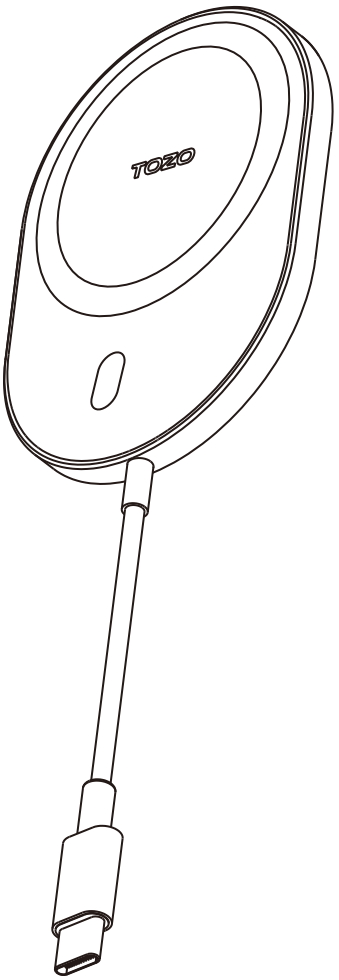
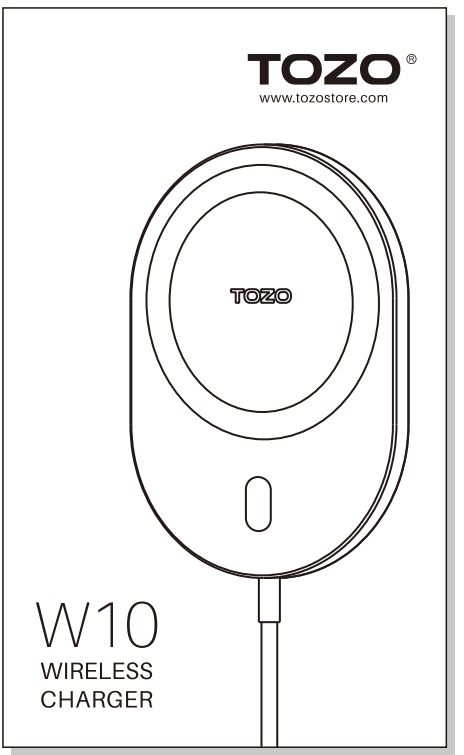
Thank you for purchasing our company's digital products. This product is a smart magnetic wireless charger that allows you to easily experience the fun of magnetic suction counterpoint wireless charging. Please read the user manual carefully and keep it properly for reference before using this product.

1.0 Product packing list

- Magnetic Wireless charger x 1





- User Manual x 1

2.0 Product Details

Input voltage compatible : (with QC/AFC-PD protocol)	5V/2A-9V/1.67A-12V/1.67A
Output Power: (Mobile phone automatic adaptation	5W-7.5W-10W-15W
Output Electric Current	1A-1.67A
Output Voltage	5-9V
7.5W Maximum Efficiency	76%
Charging Distance	5mm
Charging Method	Magnetic alignment Electromagnetic induction
Working Frequency	110-205KHZ
Product Weight	80 g

3.0 Precautions

1. Please use a qualified PD protocol or QC protocol power charger, otherwise it may cause unstable charging or abnormal flicker;
2. Supports all iPhone 12 series phones;
3. Do not use a mobile phone protective case with a metal back or a mobile phone protective case with a thickness greater than 4mm;

4. The receiving coil of a mobile phone that supports wireless charging is generally located at the center of the mobile phone. Please place the center of the mobile phone at the center of the charging board for a better charging experience;
5. Do not put metal debris or magnetic cards on the charging board, which may cause metal heating, magnetic card damage, charger damage or other abnormalities;
6. During use, if the receiving coil or the transmitting board is overheated and the charging terminates, please remove the charging device, wait for it to cool down, then retry charging again.

4.0 Safety Notice

1. Do not pull the power cord hard to avoid the power cord from breaking or falling off.
2. Do not disassemble W10 or throw it into fire or water as it may cause short circuit and electric leakage. Do not use W10 in high temperature, humidity or corrosive environment otherwise it will damage the circuit and lead to leakage.

Thank you for purchasing our company's W10 wireless charger. To ensure you get reliable after-sales service, please read the following warranty instructions carefully.

Warranty Scope:
If this product fails to work normally during usual use, you can enjoy our after-sales service commitment after being confirmed by our company.

The following conditions are not covered by the warranty:

1. The accessories are not guaranteed;
2. Failure due to improper operation by the user;
3. Failure caused by accidental disasters, man-made damage, self-demolition, removal of seals, and repairs not authorized by the company's repair cente.

Note:
The mobile equipment damage caused by user's improper operation can bring danger.

Reminder:
After the warranty period of the product is expired, you can still enjoy the maintenance service, but the maintenance fee and material cost will be charged.
